

IDENTITY THIEVES ARE BANKING ON YOUR VULNERABILITIES

FraudScout®

24/7 fraud monitoring and identity management services

Identity thieves are looking for ways to make easy money off your personal information. Medical records, mortgage applications and credit card offers—you name it and thieves will try to take advantage of it. That's why a good offense is critical to defending your identity.

FraudScout delivers a powerful one-two punch for helping to prevent and resolve fraud with comprehensive services that, depending on the bundle selected, include:

- + Credit and fraud monitoring. Web-based services that scour millions of identity records and sources, alerting you of potential issues.
- + Proactive educational information and tools. Find out how at risk you really are, and learn how to secure you and your family's identity.
- + Full identity theft recovery assistance. Rely on experienced fraud specialists 24/7 for advocacy, guidance and personalized help.
- + Document and identification replacement. Get help replacing critical documents that are stolen or lost in a natural disaster.
